Category: Transaction Assistance

Sub-Category: Technical Assistance

User: Project Developers

Donor: International Renewable Energy Agency (IRENA)

Donor Countries: Multi-donor

Description:

Virtual platform that gathers all renewable energy actors such as project developers, financiers, service and technology suppliers. It makes investment opportunities visible and easily identifiable for investors and helps project developers to identify relevant funding sources and expertise. The marketplace aims to actively facilitate project initiation and development, and to bring bankable renewable energy projects to financial closure by facilitating access to financial and risk mitigation instruments, advisory services, and public finance from support programmes.
